APPRAISERS

Determining accurate appraisals of land value is invaluable; it requires unbiased integrity. landproDATA provides access to the most comprehensive, accurate data in the market.

AMAZING FEATURES

MAPPING

Use our mapping tools to show all factors that support property valuation.

CUSTOMIZED DATA

Use our Search Comps tool to compare property characteristics and owner changes, all within specific radiuses and timeframes.

REPORTS

Generate a custom Property Info Book in one click that contains the data you need to start an appraisal without leaving your office.

PROJECT DETAILS

Gather ownership info, comprehensive parcel reports, assessments, building permits and more with the push of a button.

NEWS

Stay up to date on land development events with Private and Public newsfeeds and our Newsletter.

WHY CHOOSE US?

☑ Save time gathering parcel data, all in one place – anywhere, anytime.

☑ Virtually walk sites to measure, evaluate, and plan without leaving your office.

☑ Compare current and historical Google Earth™ imagery for comparative analysis.

☑ Conduct thorough inspections in less time.

☑ Access latest news on upcoming subdivisions, developments, and marketing trends.

ABOUT US
